

**Nilokj Inc.**

*Just Innovate Naturally!*

*Kustomized Innovative Cosmetics*

**Lokesh K. Jain**  
**R&D-Innovation's**

**Nilokj Inc.** was born in 2018 by **Lokesh K. Jain** & his better half **Nidhi Jain** for providing consulting services in research and development-innovation of personal care products (skin/body/hair) to commercial and Indie/Niche market brands especially with natural-clean culture philosophy using most currently available upcycled, natural-clean commodities ingredients and clinically tested cosmetics active ingredients. Nilokj's R&D is headed by **Lokesh K. Jain**, who brought his broad 23 years of hand on research, development and innovation experience covers all spectrum of conventional/natural based personal care formulation development. Consulting services are focused and targeted towards highend skin care (natural-clean and conventional) including OTC/Topical drug products.

**Nilokj Inc. provides following services:**

- Technical support to product development team on conception and ideation of new line of products
- Research & formulation development
- Reverse engineering of any marketed product for new development
- Remediation of existing market products
- Renovation of existing market product line
- Consulting on brand acquisition in term of review existing formulations/claims
- Co-ordination on clinical claim substantiations tests
- Preparation of clinical study/study group samples for performance evaluation
- Formula technical transfer to any contract manufacturer in US
- Retainer services available for brands to carry out formulation development activities

Our office and lab are located in Orange county, Fountain Valley, CA. I have laid out my own industry experience in the personal care industry in my resume below.

**Kustomized Innovative Cosmetics (KIC)**

Kustomized Innovative Cosmetics (KIC) is been seeded to manufacture large volume samples and small volumes of commercial skincare cosmetic formulations. KIC has capability of filling jars (conventional and /airless), bottles (airless/pump/ droppers/other specialized caps) with coding/marketing facility.

\*Condition applies for small volumes manufacturing.
